

Mayors for economic growth

Staff Exchange

Expressions of interests

Kutaisi City Municipality

Kutaisi City Municipality has joined the EU initiative on May 30, 2017 „Mayors for economic growth”. Under this initiative the city took the responsibility to elaborate, local economic development plan of Kutaisi (LEDP) 2019-2020. The plan aims are improving the investment and entrepreneurial environment and increasing awareness of the city on the international stage. An important place among the events planned to achieve strategic goals is the creation of Kutaisi Investment Portfolio, which will allow us to seek and increase potential investors' interests, to improve the city's awareness at the international level ,to increase investment in the city, which in turn will create additional jobs and develop the inclusive economy.

Kutaisi City municipality is pleased to express interest in this exchange program from one of the Western European countries to receive a personal mentor, For expertise assistance. A group of representatives from Kutaisi municipality and local business is already working on the development of an investment portfolio, but in order to ensure that this document is elaborated with the EU standards , it is necessary to get best practices and experience from one of the western European countries.

The experts will work together with the above-mentioned group, they will get the information already developed from the group and the expert will issue special recommendations, how to improve the existing document, which will be taken into consideration in the following stages. The working group established in Kutaisi municipality may work together with experts on Investment Opportunity within five days, Investment for attractive fields and areas, investment property and locations in the city, for an investment portfolio for electronic platforms, which will be considered by the expert recommendations, comments and suggestions.

We plan to disseminate both printed and electronic version form in potential investors', embassies and Georgian diasporas abroad, partner/ twin cities and international business forums and conferences.

Kutaisi City municipality expresses its willingness to become a beneficiary municipality. Economic development, Local Self-Government Property and Transport Management Department of Kutaisi City Municipality will provide a technical partnership to experts for finding an accommodation, English translator, transportation and official dinner at the final stage.

The period of visit is scheduled in May-June 2019, although we agree to a different periods favorable for you.
